

Products from CJ METAL PARTS LTD.

--To show our capability

CNC machining parts	
Name	Contacts, Shaft, Bolt
Raw material	Brass, Stainless Steel, Steel, Aluminium
Surface finish	Electroplate or Nature
packing	Bulk package or blister package
Lead time	15-20days
Welcome customized design or samples for inquiring	

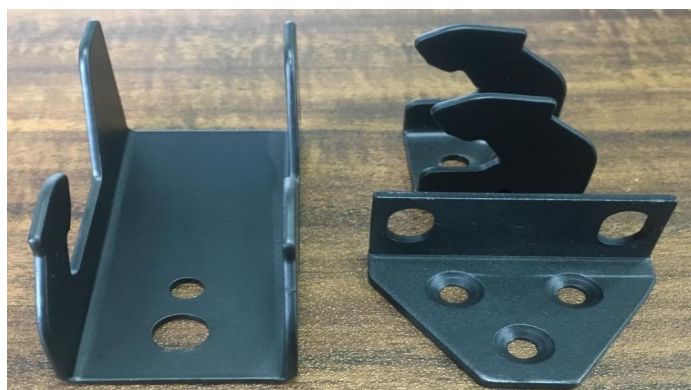

Brass connector for surge protectors	
Diameter	22mm
Thread	5/8-24 UNEF, M10
Length	40
Surface finish	Ni plating, or CuSnZn plating
Lead time	7-25 days depends on the quantity
Packing	blister packing

Aluminium Extrusion Profile	
Name	Heatsink
Raw material	Aluminium extrusion
Surface finish	Anodizing
packing	Bulk package or blister package
Lead time	20-25days
Welcome customized design or samples for inquiring	

Aluminium Extrusion Profile	
Name	Aluminium cover/box/frame
Raw material	Aluminium
Surface finish	Anodizing-silk screen
packing	Bulk package or blister package
Lead time	20-25days
Welcome customized design or samples for inquiring	

Stamping parts	
Name	Brackets, Frames
Tooling/Die	Stage tool / Single Tool
Raw material	Steel, cold rolled steel - Stamping
Surface finish	Electroplating, Anodising, Powder coating
packing	Bulk package or blister package
Lead time	20-25days for tooling, 15-20days production
Welcome customized design or samples for inquiring	

CNC machining parts	
Name	Housing, Cover
Raw material	Brass, Stainless Steel, Steel,Aluminium
Surface finish	Electroplating, Anodizing
packing	Bulk package or blister package
Lead time	15-20days
Welcome customized design or samples for inquiring	

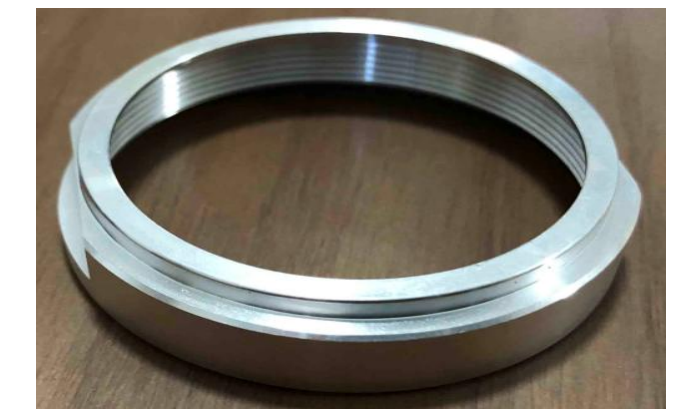

CNC machining parts	
Name	Stainless steel screw
Raw material	Stainless Steel
Total Length	22mm , 27mm
Thread length	22mm , 11mm at both ends
Surface finish	Nature
packing	Bulk package or blister package
Lead time	15-20days
Welcome customized design or samples for inquiring	

Stamping parts	
Name	Brackets, Frames
Tooling/Die	Stage tool / Single Tool
Raw material	Steel, Stainless Stee,Aluminium
Surface finish	Anodising, Powder coating, Painting
packing	Bulk package or blister package
Lead time	20-25days for tooling, 15-20days production
Welcome customized design or samples for inquiring	

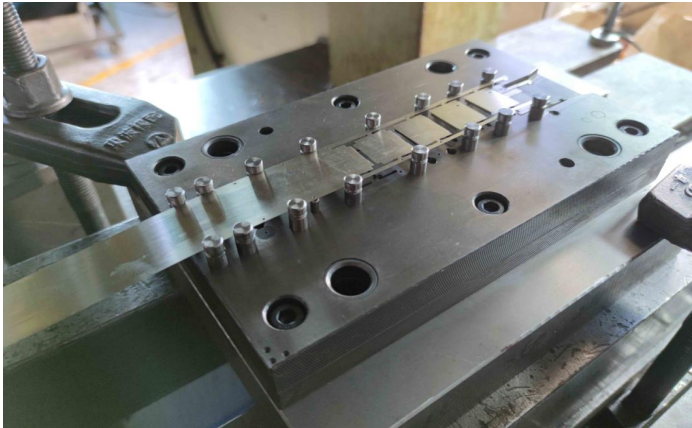

Brass machined sleeve	
Diameter	2.2mm
Length	52mm
Surface finish	Au plating, gold plating
Lead time	7-25 days depends on the quantity
Packing	bulk package
Export port	Shenzhen, China
Used for Surge protector device, Customized design welcome	

Aluminium machined flange nut	
Diameter	19mm
Thread	5/8-24 UNEF
Surface finish	Ni plating
Lead time	7-25 days depends on the quantity
Packing	blister packing
Export port	Shenzhen, China
Customized design welcome	

Brass fixing nut	
Diameter	12mm
Thread	M10
Surface finish	Ni plating, or CuSnZn plating
Lead time	7-25 days depends on the quantity
Packing	blister packing
Export port	Shenzhen, China
Used for Surge protector device, Customized design welcome	

Metal stamping mold for shield case	
Type	progress tooling
Life time	5,000,000
Export	available
Delivery time	25-30days
punching in house	available
Customized design
