

Cutting Width	550mm
Cutting Height	1cm-20cm (electric adjustment)
Power Source	Hybrid fuel-electric (manual throttle)
Power/Fuel Type	9.5 horsepower /gasoline-powered
Engine Brand	Runtong/Loncin 196 four-stroke
Self-generating System	Built-in generator 2200W
Drive Power	800w2 integrated gearbox
Drive Wheels	32# Engineering rubber track
Built-in Battery	2 pieces of Chaowei 12.5A 24V batteries
Starting Method	Manual start/electric start (optional)
Climbing Capacity	50 degrees
Remote Control System	500m remote control distance,high & low speed
Travel Speed	0-4km/h
Working Efficiency	≤2200m ² /h
Fuel Tank Capacity	1.4L
Oil Tank Capacity	0.6L
Maximum Fuel Consumption	2L /h
Overall Dimensions	940*940*550mm
Net Weight	153kg
