

# WD-TWS093

## TWS

---

Designed for music: The TWS093 has a powerful 10 mm driver and excellent acoustic performance.

---

### High-quality sound

The 10MM speaker has excellent acoustic performance. Clear and rich sound, providing charming audio experience.

### Power indicator

When the charging compartment is low, the indicator light shows red; when the earphone is in the matching state, the indicator light will flash.

### Touch control

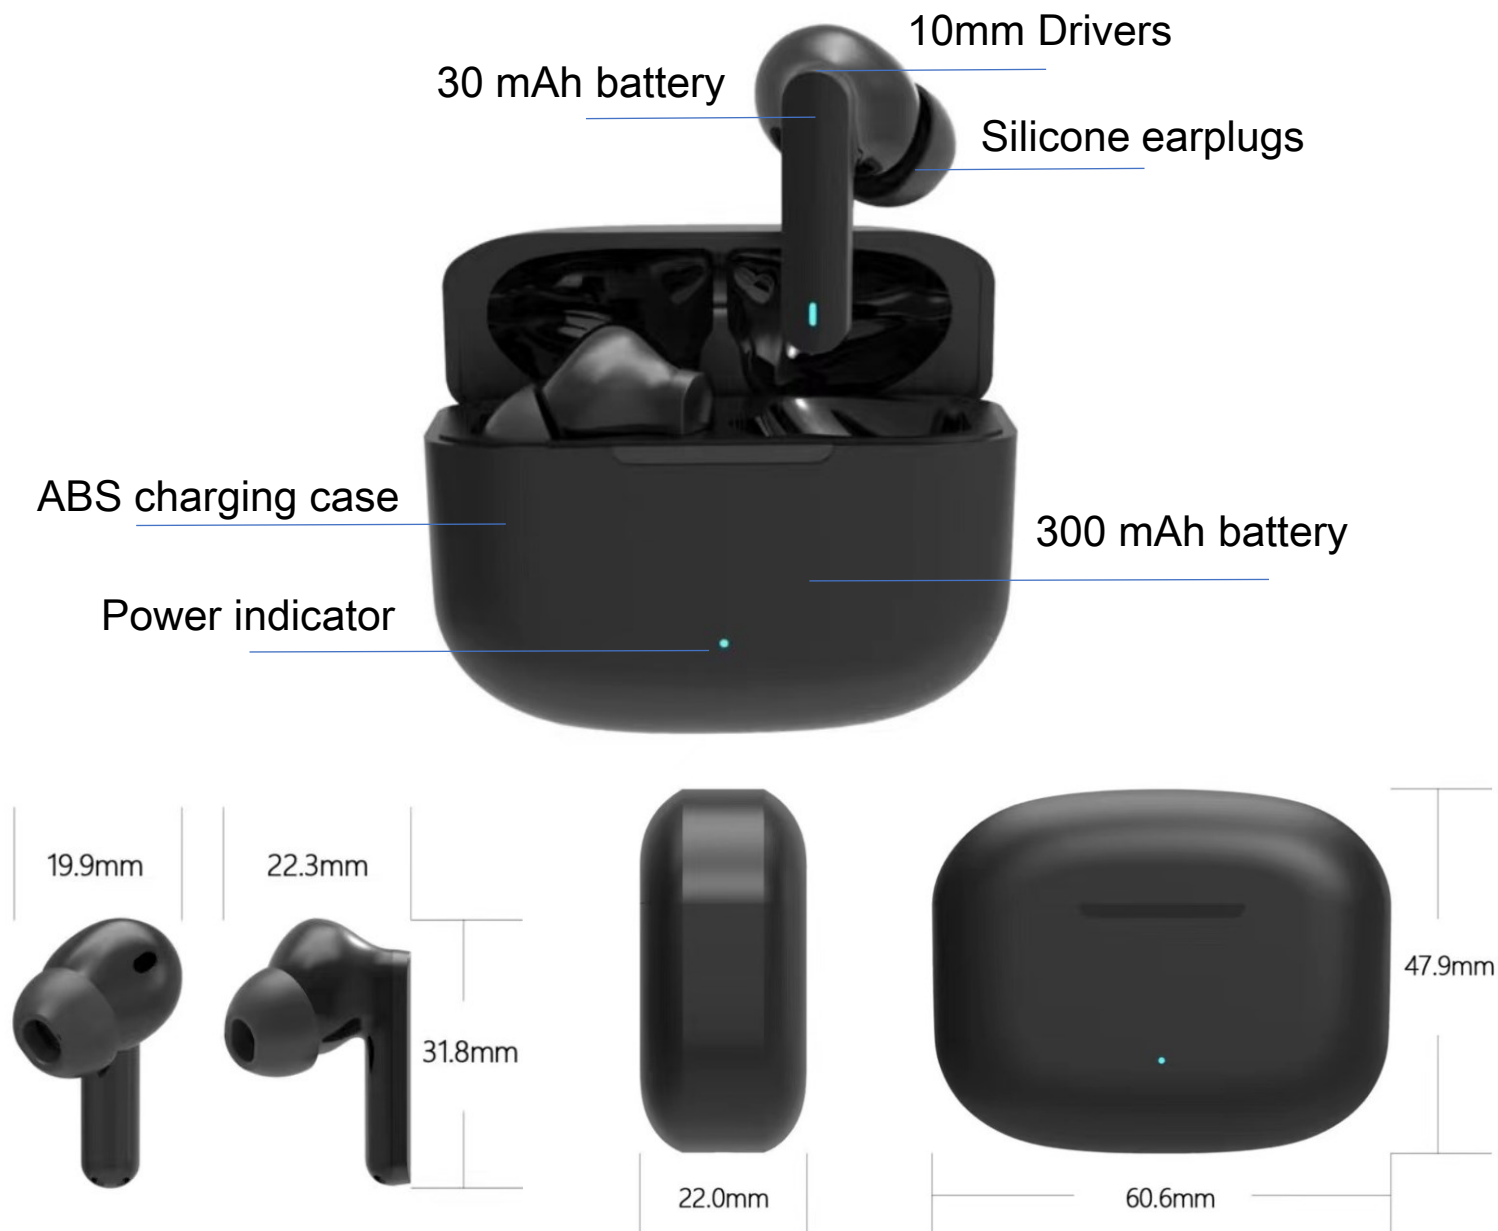

Touch controls let you answer calls, adjust volume and change tracks without touching the phone.

### Three sizes of silicone earplugs

Customers can choose the right earplug for them
