

Smart Vending Machine – Snacks, Drinks & Ice Cream

Fully Automatic Combo / Self-Service

Below are the typical specifications for a Smart Vending Machine designed for snacks, drinks, and ice cream – fully automatic and suitable for gyms, homes, and offices. Specifications may vary by manufacturer and model.

Feature	Typical Value / Range	Notes / Comments
Dimensions (H × W × D)	2000 mm × 1100 mm × 780 mm (~77.5" × 44.5" × 34")	Large combo machine with refrigeration.
Weight (empty / full)	≈ 300 – 400 kg	Includes refrigeration and steel body.
Electric Supply / Power	100–260 V AC, 50/60 Hz	Universal voltage range.
Cooling / Refrigeration	Yes (3°C – 24°C)	Maintains suitable temp for drinks/snacks.
Temperature Control	Adjustable, sensor-based	Ensures proper storage for ice cream.
Capacity / Inventory	Multiple trays + freezer bins	E.g., 6 trays for snacks + frozen section.
Interface / Payment	MDB standard: cash, coins, cards, mobile pay	Supports modern payment systems.
Remote Management	Enabled	For inventory & diagnostics.
Security & Door	Steel frame, secure lock, drop sensor	Reduces loss and ensures reliable vending.
Viewing / Display	Triple-glazed window, internal LED light	Improves visibility of products.
Customizability	Adjustable trays & branding	Supports different product sizes.
Warranty	Typically 1 year	Varies by supplier.

Note: Specifications provided are for general guidance. For exact specifications, please refer to the manufacturer's official datasheet.
