

Model: FM-B2

Feature

- > App/Fingerprint/code/card/key unlocking ways;
- > Compatible with Tuya App/TT Lock App (non-camera version)
- > Compatible with Tuya App (camera version)
- > Work with NFC
- > Support unlock remotely
- > Electronic locking
- > Full voice guide for operation and unlocking
- > Scramble pin code function to anti-peep
- > Improper Attempts Alert
- > Low Battery Warning
- > Anti-Pry Alarm
- > Powered by 4pcs AA batteries
- > A sturdy aluminium alloy and stainless steel mortise make the lock higher security and durability.
- > Megapixel HD peep hole to check outside the door at any time

Technical data

Fingerprint: Semiconductor

Color: Black/Silver

Power supply: 4pcs AA batteries

Card Frequency: 13.56MHZ

Code length: 4-16 digits

Unlock time: 0.5s

Backup power: Type-C

Working power: 250mA

Standby power: 50uA

Work temperature: '-25°C-55°C

Work humidity: '15%-90%RH

Door Thickness: 45mm-120mm

Exterior panel size: 260*63*21mm

Interior panel size: 260*63*21mm

Mortise: 60/70,5050,5072,5572,6072,4585,6085,7054
