| Model: CHT-E101 | 10.1" E-Book | Date:20211009 |
|-----------------|--------------|---------------|

## Specification

|                     |                         |                                                                         |
|---------------------|-------------------------|-------------------------------------------------------------------------|
| Hard ware           | LCD Display:            | 10.1"TFT LCD 1200*1600 E-link Display                                   |
|                     | CPU:                    | RK3566                                                                  |
|                     | GPU:                    | Mali-G31GPU, support OpenGL ES3.2, Vulkan 1.0, OpenCL 2.0               |
|                     | Internal Memory:        | 2GB DDR3                                                                |
|                     | NandFlash memory:       | 32G                                                                     |
|                     | Touch Panel:            | G+G Full lamination                                                     |
|                     | Camera:                 | N/A                                                                     |
|                     | Built-in Battery:       | 3.7 V/4150 mAh ,Chargeable Li-polymer battery.                          |
|                     | Speaker:                | x2, 8Ω/1W(High fidelity speaker)                                        |
|                     | Language:               | Multi-language.                                                         |
|                     | OS:                     | Android 8.0                                                             |
| I/O                 | Type-c 2.0 (headphone): | *1,USB disk, Mouse, Keyboard, USB HUB,Connect pc..                      |
| Function            | Wifi:                   | Built-in Wifi, Support 2.4G                                             |
|                     | Bluetooth:              | Support BT 4.1                                                          |
|                     | G-Sensor:               | 3-axis load force sensor,four direction changeable display              |
|                     | Audio:                  | MP3,WMA,MP2,OGG,AAC,M4A,MA4,FLAC,APE,3GP,WAV                            |
|                     | Picture format:         | JPG, JPEG, GIF, BMP, PNG                                                |
|                     | 3D E-book:              | TXT, EPUB, PDF,WORD,EXCEL, POWERPOINTS                                  |
|                     | Endurance:              | Related to circumstance,last 5 hrs with wifi online, endurance 4~6 hrs. |
| Case                | Material                | Tempered Glass Back cover, metal frame                                  |
| Package & Accessory | Packing:                | Gift box                                                                |
|                     | USB Cable:              | x1 pcs                                                                  |
|                     | User's manual:          | x1 pcs                                                                  |
|                     | Warranty Card :         | x1 pcs                                                                  |
