

usb a to usb c cable 5Gbps 60W

Cable Aluminum Shell

USB A to USB C 5Gbps Data Transfer and 60W(20V/3A) Fast Charging Cable
Support OEM/ODM,Free Laser logo.

Specification

Data Transmission	5Gbps
Power Charger	60W(20V/3A)
Connector	USB A Male to USBC Male
Connector Plated	Gold/Nickel
Cable Jacket	PVC
Braid	Yes/no
Package	PE/customized packaging
Length	2M/3M/customized Length (Max 3M)
Item No.	LS-USB5G60CA
Aluminum Shell color	Black/white

Describe

【5Gbps Data Transfer】 : Support 5Gbps data transmission
[60W 3A Fast Charge Cable] : Provides stable and safe 60W 3A output to fast charge your devices. Supports QC 3.0 fast charging charges. 25% faster safe charging power compared to other cables that offer 5V/2.4A current. **A charger of 60W or more is required for best results. (Note: Not compatible with iPhone or micro USB!)*
【Secure & Reliable】 : The aluminium housing, reinforced connectors and nylon braided C cord are tested 10,000 times plug test and 10,000 times bending test ensure maximum durability.
[Greater Flexibility]: The 2M length gives you the freedom to charge from anywhere in the room. Convenient Length: it's long enough to be convenient to charge your device in bedroom, sofa, office, even when you are on the backseat of the car. Perfect replacements for your OEM or original USB cables with superior performance.
