

HP01

Hearing Protection Earmuffs

Products description

Suitable for use in various industrial environments such as transportation, construction sites, sports venues, etc., providing basic hearing protection in noisy conditions.

Features

Soft ear cushions

Soft and comfortable sponge inner material reduces ear pressure by fitting the face

Adjustable steel wire

The steel wire length can be adjusted according to the size of the head, ensuring a snug fit

Leatherette headband

The leatherette headband with soft sponge lining reduces pressure on the head for comfortable wearing

Interchangeable Earcup Design

The earcups, composed of pads and liners, are designed to be replaceable, ensuring hygiene and safety.

Technical Parameters

Noise Reduction Level	SNR: 33dB±3
Operating Temperature	-20°C~~60°C
Storage Temperature	-40°C~~75°C
Protection Level	IP54
