

Specification parameters

Parameter categories	detailed information
model	PR-66C
voltage	DC-5V/1A
power	5W
coverage area	5-50m ³
The capacity of essential oils	5-20ml
material quality	PP+PBT + aluminum alloy
pigment; dyestuff	Silver, gray, black, peacock green
control method	Tap the button
Nucleation principle	Second fluid atomization, cold spray air pump technology

net weight	260g
Power type	lithium cell
size	73*123mm
