

WIT-FLEX Specification

Soft-C Computer
www.witfii.com
广州远云网络科技有限公司

Core	Dual core four thread
Dominant Frequency	880 MHz
RAM	256 MB DDR3
Hard Disk	Single disk, 2.5inch not more than thick 9mm, changeable by hand. Standard configuration is not included hard disk, available for request. SATA(III) connection
Interface	1 Net port: RJ45, 10/100/1000M bps adjustable autonomic. WIFI 802.11n 2.4G USB3.0 (Host 1 + Device 1)
Function	1, QR code log in, Network sharing at anytime, anywhere. 2, An account supports countless device which is authority 3, Transmit range is 150 feet, Share files with 8 devices (5 for streaming HD video) at the same time with own WIFI of WIT-FLEX under same LAN. 4, Quick back up your mobile phone storage. 5, BT, HTTP, FTP, Offline loading, 24 hours low power consumption loading. 6, Easy replace hard disk by hand.
Supports /Operating System	Browser IE9.0 or later, Chrome, Safari. IOS 7.0 or later
APP	iOS, OS X, Android, Python, Ruby, and Java
Language	Chinese, English
Product Function and Operating Condition	
Battery	AC Adapter
Voltage	100-240V
Frequency	50 to 60Hz, single phase
Max power	15W
Operation Temperate	10° to 35° C (50° to 95° F)
Relative Wet	non-condensing rate 5% to 95%
Max-height	2000 meters
Appearance Specification	
Product Size	162* 85.8* 22.8mm
Package Size	178* 178* 42mm
Housing Material	aluminum
Net Weight	280g
Warranty	1 year
