

Limain Woodware Division -Regent Home

With more than 10 years of experience in fine furniture crafting, Limain have been a pioneer and leader in bringing customer quality furniture along with superior design. Our mother company, Reliance Incorporated, was founded in 1971 as a trading company. Since then, we have established numerous facilities serving our ever expanding clientele and market demands. We have been partnering with customers for more than 40 years. Our headquarter is located in Taipei, Taiwan and have offices and associates in US, Taiwan, and China.

Limain design and manufacturing center is strategically located in the southern part of China, where resources of material and quality of work force are well recognized. Two nearby harbors give us the logistic advantages in delivering goods worldwide. We are proud of our meticulous attention to the details, trend setting designs and fine workmanship that shows in every product we produce.

Limain is committed to assisting customers worldwide with their unique needs by providing them with finely crafted product line and professional, personal service.

We have many diverse ideas and many different people throughout our organization, yet we are still one company, one team – with one culture.

Limain associates are the company's heart and soul. We enjoy our work, our company and our customers. We delight in presenting premium quality in all we offer. We strive for excellence no matter how big the project, or how small the request. We cherish our company, and represent it with pride. A true team, we work together to consistently please our customers, surpass our achievements, and drive for greater success. We are united by our common goal to dedicate ourselves to each other and to our customers.

Reliable. Trustworthy. Honest. Our corporate integrity is a critical asset allowing us to contribute to our customers' success. Our unyielding commitment to quality and service has earned Limain the trust and loyalty of customers who turn to us first, time and time again, whether they're searching for new ideas or re-make and renovate an old product. For if there's one thing we've learned in our 40 years, it's that passion inspires passion... and quality is the key to a customer's heart.
