

Material	Carbon steel, stainless steel, aluminum alloy, copper alloy, Zinc alloy, brass
Machining accuracy	Dimensional tolerance $\pm 0.01$
Surface treatment	Cutting (laser cutting, wire cutting, etc.), Oil spraying, electroplating, oxygen injection, powder spraying, wire cutting, passivation
Maximum processing size	1000mm*4005mm
Minimum machining dimension	1*1*0.1mm
Processing batch	1~10000 PCS
