

ezcap277 HDDigi Full HD Recorder, will record video up to 1080P60 full HD resolution and save into SD card.

It includes two input ports - HDMI and Composite video. It means you can record video not only from the HD video sources, but also from the old VHS and any composite video sources.

ezcap277 HDDigi includes a 5inch HD screen, you can directly record and playback the video anywhere.

It supports SCREENSHOT during recording, also supports PAUSE RECORDING function, no need you to edit video after recording.

It's with headset port, easy to mix audio and monitor.

There is a 2900mAh battery inside, very convenient for outdoor use.
