Main Features
主要特点

►Google's intelligent AI models help children improve their thinking, conversation, and learning abilities;
谷歌智能AI模型，助力孩子提升思考，对话，学习的能力；

►Touchscreen buttons and voice control make it easy for children to use;
触屏按键语音对话控制，方便孩子上手；

►Intelligent and focused timekeeping creates an efficient living and learning environment for children;
智能专注计时，为孩子打造高效生活和学习圈；

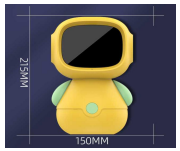

►1500mAh large battery, long battery life, automatic power saving and other functions;
1500毫安大电池，长续航，自动省电等功能；

► Supports up to 32GB expandable SD card and can play bedtime story music;
支持最大32GB拓展SD卡，可以播放睡前故事音乐

Basic Spec基本参数					
Product Basic Spec 产品基本参数	Product Name 产品名字	AI Robot Alarm AI机器人闹钟	Battery and Charging 电池和充电	Type 类型	Rechargeable Lithium battery 可循环充电锂电池
	Model 型号	XJ-005B		Capacity 容量	1500mAh 1500毫安
	Material 材料	ABS		Charging time 充电时长	2-3 hour 2-3小时
	Product Size 产品尺寸	21.5*15*12cm		额定电压 Rated voltage	3.7V
	Product Weight 产品净重	445g		Duration of use 使用时长	Around 3-5 Hours 约3-5小时使用时长
	One Set Weight 一套产品毛重	500g	USB Power Input USB电源输入	Input voltage 输入电压	5V
	Optional Color 可选颜色	Yellow, White, Green 黄色，白色, 绿色		Rated input current 额定输入电流	1A
	Customize Color 定制颜色	Over 3K 数量超3000个可定制		Rated input power 额定输入功率	5W
	Customize Logo packaging 定制图标和包装	Over 1K 数量超1000个可定制		Interface 接口	USB-C
Hardware and Software Spec. 硬件和软件规格					
Hardware Spec. 硬件规格	System 系统	RTOS	Hardware Spec. 硬件规格	Charging indicator light 充电指示灯	Red light-in charging, when finish will not incicate 正在充电显示红色，充满熄灭不显示
	Display Size 显示屏尺寸	240*320		Buttons 按键	Power Button, Confirm Button 电源键，确认按键
	Display 显示屏	3.5" HD Color LCD Screen, touch screen 3.5英寸彩色LCD屏，触摸屏		Confirm button function-Confirm 确认按键功能-确认	When the screen is on and confirmation is required (confirmation operation) 亮屏状态下，且需要确认操作时(确认操作)
	Imaging method 显像方式	Color Imaging 彩色图像		Confirm button function-Play 确认按键功能-播放	Audio playback is supported (short press to play/pause) 有音频播放时(短按实现播放/暂停)功能
	Microphone 麦克风	Bulid-in 内置		Confirm button function-Pause 确认按键功能-暂停	When the homepage is active and background audio is playing, pressing the button will activate the pause/play function 在主页且有后台音频正在播放时，按下实现暂停/播放功能
	Speaker 喇叭	Bulid-in 内置			
	Display Language 语言	English/Japanese/Chinese etc., support customize 英 日 简体 繁体等，支持定制	Software Spec. 软件参数	WIFI 无线连接	Support 802.11b/g/n 支持 802.11b/g/n
	Memory card slot 内存卡槽	Support 支持		Mobile hot-pot 手机热点	Support 支持
	SD Card Capacity 内存卡容量	Support Max 32GB 最大支持32GB		Wake-up name 唤醒语音	Hello Timi
	Format 格式	FAT32/16		AI Mode AI模型	Google AI 谷歌AI

Product Functions 产品功能	
Intelligent AI Model 智能AI模型	Built with an advanced AI model, it can communicate with children like a caring companion, executing all commands and answering their whimsical questions, such as "Why do stars twinkle?" It also helps children preview/review knowledge points. Furthermore, it intelligently reminds children of their daily schedules, such as "Time to do homework" or "Time to get ready for bed," helping them develop good time management habits. Let your child grow happily and explore the unknown with the companionship of this AI model! 内置了先进的 AI 大模型，它能像贴心的小伙伴一样与孩子交流，执行所有的指令，回答孩子的奇思妙想，比如“星星为什么会眨眼睛？”帮孩子预习/复习知识点。还能智能提醒孩子的日常安排，如“该做作业啦”“准备睡觉咯”，帮助孩子养成良好的时间管理习惯。让孩子在 AI 大模型的陪伴下，快乐成长，探索未知！
Intelligent voice assistant 智能语音助手	It supports voice interruption and wake-up (calling "Hello Timi"), allowing interaction and Q&A with children, answering their questions, and performing tasks, covering multiple aspects of children's needs and providing diverse services. 可以支持语音打断换醒（喊Hello Timi），与孩子进行互动问答，回答儿童提出的问题、执行任务，覆盖了孩子的多个方面需求，能够提供多样化的服务。
AI Alarm Clock AI闹钟	Set precise wake-up times to ensure your child wakes up on time. This feature helps children develop good sleep habits and regular routines, laying a solid foundation for a day of learning and activities, and making them more time-conscious and self-disciplined. 精准设定叫醒时间，确保孩子按时起床。对孩子而言，这个功能可以帮助他们养成良好的作息习惯，规律作息时间，为一整天的学习和活动奠定良好基础，让孩子更有时间观念，更加自律。
Pomodoro 番茄钟	Its advantage lies in its ability to effectively improve children's concentration and learning efficiency. This structured time allocation allows children to focus their energy on completing tasks within specific timeframes, avoiding distractions and procrastination. For children, using the Pomodoro Technique helps them develop efficient learning habits, improve time management, gradually enhance their concentration, and make learning and tasks more efficient and organized. At the same time, a reasonable rest schedule also helps children maintain good energy and focus during the learning process. 其优势在于可以有效提高孩子的专注力和学习效率。通过这种有规律的时间划分，让孩子能够集中精力在特定时间段内完成任务，避免分心和拖延。对孩子而言，使用番茄钟能帮助他们养成高效学习的习惯，提升时间利用效率，逐步增强自身的专注能力，让学习和做事变得更加高效有序。同时，合理的休息安排也能让孩子在学习过程中保持良好的精力和状态。
Countdown 倒计时	Children can use the countdown function to set time limits for completing homework, preparing for activities, etc. This helps cultivate their sense of time and task awareness, prompts them to complete tasks more efficiently, enhances their action and execution abilities, and teaches them to reasonably arrange and focus on the current task within a limited time. 孩子可以利用倒计时功能来设定完成作业、准备活动等的时间限制，这有助于培养他们的时间观念和任务意识，促使他们更高效地完成各项事务，增强他们的行动力和执行力，让他们学会在有限的时间内合理安排和专注于当前任务。
Weather forecast 天气预报	Weather conditions for the current day and the last 7 days 当天+最近7天的天气情况
Audio playback 音频播放	插上SD卡，可以听取卡内的音乐，音频 Insert an SD card to listen to the music and audio stored on the card.
Setting 设置	Wi-Fi management, volume settings, brightness adjustment, automatic sleep mode, alarm sound settings, language settings, time definition, etc. WI-FI管理，音量设置，亮度调节，自动睡眠，闹钟声音设置，语言设置，时间定义等
