

Technical Specifications

核心电机 Core Motor	High-speed brushless DC motor
电源电压 Power Voltage	100-240V~, 50/60Hz, 1500W
温度控制系统 Temperature Control System	Intelligent thermostatic control with multiple settings
风速调节 Wind Speed Adjustment	Three-speed airflow settings
加热板 Heating Plates	Ceramic tourmaline plates, tan color
安全配置 Safety Configuration	Auto shut-off, overheat protection, cool tip
电源线规格 Cord Specifications	3m salon-length, 360° swivel design, black
附加设计 Additional Design	Sleek ergonomic body, white control buttons
