产品规格书 Specification

1 . 产品名称 NAME: 低压脚踏调光器 Low voltage pedal dimmer

2 . 产品型号 MODEL: WKF-S6-24V

3 . 产品参数 Product Parameter

工作电压 Working Voltage : 6-30V

输出 Output : 6-30V , 2A

输出功率 Input Power : Max 25W

调光方式 Mode of light modulation : PWM

工作温度 Working Temperature : -10-50°C

尺寸 Size : 103*60*30 (mm)

5 . 外观 Exterior

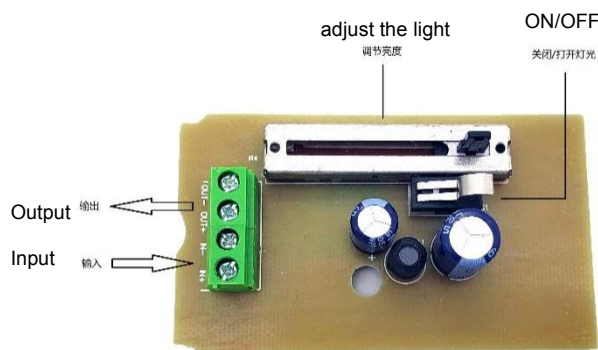

6 . 产品描述 Product Description:

本产品使用 6-30VDC 供电，是一种可以实现无级调光的 LED 控制器，它通过 PWM 来控制光源，用户可以根据自身需要，将灯光调节到合适亮度。该产品适用于氛围灯、落地灯、台灯等产品。

This product uses 6-30VDC power supply, which is a LED controller that can achieve stepless dimming, which controls the light source through PWM, and the user can adjust the light to the appropriate brightness according to their own needs. This product is suitable for atmosphere lights, floor lamps, desk lamps and other products.

7 . 安装说明 Installation Instructions :

先连接负载，将负载接入产品输出端，再接电源线。上电之前确保连线之间无短路现象。上电后滑动滑片开始调光：向左滑增加亮度，向右降低亮度，直至关闭灯光。

First connect the load to the product output, and then connect the power cable. Make sure there is no short circuit between the connections before going on. Dimming: slide to the left to increase brightness and reduce brightness to the right until the light is off.
