

Product Code: PCD2600

## Specifications

|                       |                                        |
|-----------------------|----------------------------------------|
| Body Material         | 100% PC shell + Aluminum frame         |
| Overall Size (cm)     | 55*35.5 * 23.5, Volume (Boarding size) |
| Suitcase N.W (kg)     | 6                                      |
| Battery Style         | Portable lithium battery               |
| Capacity of Battery   | 95.76Wh                                |
| Battery specification | 25.2V3.8Ah                             |
| Battery Charging Time | 2.5 hours                              |
| Battery Weight (kg)   | 0.55                                   |
| Battery Endurance     | 12~ 15 km                              |
| Riding Speed          | 0~ 13 km/hour                          |
| Certificate           | CCC UN38.3,MSDS,FCC,UL                 |
| Remark                | High-speed brushless motor             |
