

Dimension	1940mm (H) * 1650mm (W) * 800mm (thickness)
Screen size	32-inch touch vertical screen
Weight	420kg
Cup capacity	80pcs
Fruit capacity	2L*10
Reducer	worm gear
Motor	frequency conversion 0.75 kw
Compressor	Embraco 1.5P imported from Brazil
Evaporator cylinder cleaning	automatic cleaning function
Storage tank precooling system	precooling and fresh-keeping function
Product selection method	free matching, classic recommendation
Expansion pump	high expansion rate, suitable for the patented research and development of intelligent unmanned smoothie machine
Cup drop detection	empty cup detection
Lack of cup reminder	mobile phone reminder
Material shortage reminder	mobile phone reminder
Fault reminder	mobile phone reminder
Anti-pinch function at the cup opening	3 safety steps, patented
Payment method	WeChat, Alipay, member payment, overseas support banknote and coin reader, POS card swiping
Backend system	multi-dimensional data statistics and data analysis
Energy saving mode	night mode, automatic start
Product settings	PC background, mobile background, pictures, product names, prices, free settings
Remote control	mobile phone background control, remote power on, remote power off, remote restart, remote reset
