SOMOSTEL This BJ54 3-in-1 Retractable Magnetic Wireless Charger offers portable multi-device charging for travel and daily use. This magnetic wireless charger integrates a retractable Type-C cable and magnetic wireless charging module. This magnetic wireless charger supports PD 60W wired fast charging, with 5W wireless charging for phones and 2.5W charging for smartwatches and earphones.

This magnetic wireless charger features an adjustable 1100mm retractable cable to prevent tangled wires. This magnetic wireless charger also works as a phone stand, letting you watch videos comfortably while charging. Equipped with an intelligent protection chip, this magnetic wireless charger guards against overheating, overvoltage and short circuits.

This magnetic wireless charger supports charging two devices at once without power drop, compatible with PD and QC fast charge protocols. Made of durable ABS and TPE materials, this magnetic wireless charger comes in orange, black and white. Compact and practical, this magnetic wireless charger is an ideal charging accessory for global wholesale buyers.
