BATIRYS GROUP INC – Company Profile

BATIRYS GROUP INC is an independent international trading company that specializes in sourcing, supplying, and distributing products across various industries.

We work directly with manufacturers, factories, and established producers, allowing us to establish strong business relationships and secure competitive prices, consistent product quality, and reliable supply arrangements for our international clients.

As a trading company, we act as a commercial intermediary between manufacturers and buyers, coordinating product sourcing, price negotiations, orders, documentation, and international supply arrangements.

Our business model is built on direct manufacturer relationships, transparent transactions, competitive offers, and long-term partnerships with customers worldwide.
