

|                             |                                          |
|-----------------------------|------------------------------------------|
| Full network support        | Support 4G Mobile, Telecom, China Unicom |
| Video resolution            | 2160P, 1440P, 1296P, 1080P               |
| Photo resolution            | 1M, 2M, 4M, 8M, 32M, 48M, 58M            |
| light                       | Red and blue flash, infrared light       |
| screen size                 | 2.0-inch color display                   |
| Maximum transmit power      | 23dBm $\pm$ 2dBm@Alupbts                 |
| antenna                     | Built-in antenna                         |
| Receive sensitivity         | -106dbm                                  |
| Audio output power          | 2W@10% distortion                        |
| earphone                    | Supports dedicated TYPE-C headphones     |
| Operating temperature range | -20~+50°C                                |
| battery capacity            | 2500mAh                                  |
| Charging method             | TYPE-C, miniUSB dual charging port       |
| Working voltage             | 3.7V                                     |
| Overall machine weight      | 158g (including battery)                 |
