

Description:

Gas pressure closing regulator or filter regulator for small users.

Technical data:

- **Use:**

not aggressive gases of the 3 families (dry gases)

- **Threaded Connections Rp:**

(DN 15~ DN 25)

- **Max.working pressure:**

0.5~2bar

- **Setting outlet pressure:**

16~60/20~70/60~200 mbar

- **Environment temperature:**

-15~+60 °C

Materials:

- Die-cast aluminium
- nylon 30% glass fibre
- NBR rubber
