## QUOTATION SHEET

### Description

**Product Name** Air Purifier With Negative Ion And Humidifier

**Item Number** OLS-K05B

### Specification

- Auto air quality control with odor sensor and indicator
- Humidifier with 3-grade mist output.
- 3 grades of wind speed control, large flow rate rapidly purifies indoor air
- 1-12H Timer with Sleep Mode function
- Negative anion releasing  $5 \times 10^7 \text{ CM}^3$
- 6-Stage Purifying: 1-Nano-coldcatalyst. 2- Activated carbon filter. 3-Antibacterial and antiviral nonwoven fabric. 4-High efficient HEPA 0.01micron . 5- UV Sterilization. 6- Ionizer
- Hi efficient Motor-- Quiet , low electricity consumption and 30,000 hours life time.
- Remote control and button operation

### Technical Detail

Voltage	220V/50Hz	Power	65W
	110V/60Hz		
Noise	Low	Medium	High
	20dB	35dB	55dB
Motor Type	Resin Packing	Material	ABS
Filter Size	297×396mm		
CADR	Test Report	App Area	40 m <sup>2</sup>

### Function

- Remove 97% odors, tobacco smoke, fume, foodsmell, beverage smell, pet smell.
- Eliminate 99.7% dust, pollen, allergy, mold
- Remove 99.9% formaldehyde, benzene and other TVOC
- Kill bacterial, virus, germs
- Help you breathe and sleep better and improve human immunity.
- Clear static, restore the body's activity
- Increase brain oxygen, and enhance the function of the cardiovascular system ity.
- Air Humidity Sensor, Auto Mist Adjust

### Packing Detail

Products Size	36.00×19.50×56.50cm
Packing	1pc/color box, 3pcs/ctn/0.187cbm
Container load	477pcs/20GP,999pcs/40GP,1146pcs/40HQ

### Trade Term

Payment Term	T/T 30%-70%
F.O.B. Port	GUANGZHOU
F.O.B. Price	
Sample price	US\$120.00
M.O.Q.	500PCS
Lead Time	IN 30 DAYS

### Filters Detail

1st Compounded Filter	Cold-Catalyst Filter	US\$7.50
	Honeycomb Active Carbon Filter	
2nd Compounded Filter	Antibacterial Fabric Filter	US\$7.50
	0.01um High Efficient HEPA Filter
